Mr. Nogle had many friends who will remember him as a substantial educator who helped to shape many young lives in the community.

SENIORS

In twelve years these six, Judy Robinson, Gary Wheaton, Glenda Brinkman, Jim Olson, Sally Singer and Mike Lyons often argued, frequently disagreed, but never came to downright combat. Their long struggle together up this old hill is commendable for six individuals, each of whom rather likes having his own way. We wish our seniors a good life, a happy life, and, above all, a useful one.

Top, Page 10. Honor students must have a 3. average for the last semester of the 1966-67 school year and, also, for the first semester of the current school year. Torch honor students must be on the honor roll throughout their high school careers. Barry Holsinger, Senior, with an average of 3.8 is the only Torch Honor student in this group.

UNDERCLASSMEN

GENERAL PSYCHOLOGY The photographer, with her skillful camera, happened in to catch the Psychology class in the midst of an inquiry. The purpose of the inquiry is to measure the ability of various age groups to repeat lists of numerical digits from simple to complex, both backwards and forwards. Participating were grates 1 to 8. Youngsters chosen here are from Mrs. Averill's room, grades 1 and 2. Special thanks to the teachers for their cooperation.

AND WOULD-BE TEACHER Sally Singer
helping Todd Holsinger and Kerry Hottel

We do not know what Coach Davis and Co-Captains Jim Olson and Barry Holsinger are chuckling about, but we know they had plenty of reason to be happy.

Our successful basketball season would not have been possible without the fine spirit and loyalty of the community. Curlew community spirit means something finer than lawlessness and rowdyism. It means a loyalty to the school which promotes its good name by manly and courteous conduct at all times and in all places. It means the sense of responsibility which aids students in forming habits of temperance and industry. I hope it means to the members of the team an opportunity to keep their bodies fit through moderate athletics, and a physical training that knows no season. I especially wish to thank a community that really knows how to back a team in defeat as well as in victory.

This marks the end of a great basketball season for Curlew High School. It is the third year in a row that twenty or more games were won, the first time a Panorama League team placed in the State, and the first time a Curlew team won a District game. Curlew also placed Allen Antoine, Jim Olson, and Barry Holsinger on the All-Opponent team, and Jim Olson was named on the All-State Team.

Crafts

TOP: Seventh and Eighth grade Crafts Class taught by Mr. Clark. Students here are busy working on their art projects which involve a frame, burlap, an idea, yarn, and a special tubular tool which allows the yarn to pass through the burlap, leaving a neat loop on the other side. BOTTOM: The ideas shown in the display are of their own creativity.

Where the Action Is?

Queen candidates for carnival sponsored by C.E.A. are Barbara Smith, Miriam Lyons, Sally Singer, and Kathy Newall. Sally lost by one penny; Kathy won. Barbara and Miriam could care less. Contest proceeds were given to each class treasury.

Page 36, Top: Staff members of Cougar Tracks are not designated editors. They perform any work necessary. From left they are Glenda Brinkman, Lois Nelson, Editor-in-Chief Sally Ann Singer, Advisor Miss Larin, Mike Lyons, Barbara Smith. Others who donated a full day's work were: Adabeth Schultz, Miriam Lyons, Larry Lembcke.

Miss Larin teaches Commercial subjects and World History.

Bottom: The dynamic enthusiasm of these supersalesmen outstripped any previous years in ad sales and put Cougar Tracks under way. Since the cost of producing a yearbook increases annually, this crew deserves more applause than it gets. Front to back: Sally Ann Singer, Barbara Smith, Lois Nelson, Miriam Lyons, Pam Atkins, Steve Peterson, Bill Tonasket, Tom Blackburn, John Stotts, Larry Lembcke, hidden is Caesar Antoine, Glenda Brinkman, Terry Gerken, Mike Lyons.

The Cougar Tracks staff changed the general makeup of the 1968 yearbook to conform to modern standards in yearbook publication; the school annual should be primarily a pictorial memory book limited to events of the present school year.

We would like to express a word of thanks to our wonderful advertisers, without whom a yearbook would be impossible for Curlew High. Where practicable, why not let them know that you saw their ads in our annual? For driving the salesmen to the towns in which ads were sold, as well as for their personal interest and assistance, we wish to thank Mrs. Pete Singer and Mr. Guy Robinson. Last, but not least, we appreciate the loan of cars made by Mr. and Mrs. John Lembcke and Miss Katherine Singer.

Station CGS

Throughout the year the fifth and sixth grades have given weekly news broadcasts. A "Special" is being presented to the Junior and Senior English classes, and the picture shows the final rehearsal.

We think it commendable that Jim Olson and Barry Holsinger coach the 5th and 6th grade boys during lunch hour. We would like to see other students using the 45 minute lunch period for something more constructive than eating and doing nothing. This is an excellent time to develop hobbies, plan activities, or to perform services of which the school is in need.
